Environmental Policy

At Senol & Senol Ltd we are a company characterised by a high level of customer service and technical support, through attention to detail in manufacturing, consulting, calculating, testing and on-site engineering (if required) via own production of a wide range of product and service solutions to the sector. We recognise that we have a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods. We will encourage customers, suppliers, and other stakeholders to do the same.

Responsibility

Mr Serkan Senol, COO, is responsible for ensuring that this environmental policy is implemented, however, all employees have a responsibility in their area to ensure that the aims and objectives of this policy are met.

Policy aims

We endeavor to:

- Comply with all relevant regulatory requirements, to reduce our environmental impacts.
- Continually improve and monitor environmental performance.
- Incorporate environmental factors into business decisions and increase employee awareness and training.

Paper

We will:

- Minimise the use of paper in the office.
- Minimise our use of packaging and encourage our suppliers to minimise unnecessary packaging.
- Seek to buy recycled and recyclable paper products, as well as reusing and recycling where possible.

Energy and water

We will seek to:

- Reduce amount of energy used as much as possible.
- Switch off lights and electrical equipment when not in use and adjust heating with energy consumption in mind.
- Take energy consumption and efficiency of new products into account when purchasing them.

Office Supplies

We will:

- Evaluate if the need can be met in another way, such as renting or sharing.
- Evaluate the environmental impact of any new products we intend to purchase.
- Favour more environmentally friendly, efficient products wherever possible, as well as reuse and recycle everything we are able to.

Transportation

We will:

- Reduce the need to travel, restricting to necessary trips only.
- Promote the use of travel alternatives such as email or video/phone conferencing.
- Make additional efforts to accommodate the needs of those using public transport or bicycles and favour green vehicles.

Maintenance and Cleaning

We will:

- Use cleaning materials that are as environmentally friendly as possible.
- Use materials in any office refurbishment that are as environmentally friendly as possible.
- Only use licensed and appropriate organisations to dispose of waste safely and securely.

Monitoring and Improvement

We will:

- Comply with all relevant regulatory requirements.
- Continually improve and monitor environmental performance as well as reducing environmental impacts.
- Incorporate environmental factors into business decisions and increase employee awareness through training.
- Review this policy and any related business issues at monthly management meetings.

Culture

We will:

- Update this policy at least once annually in consultation with staff and other stakeholders where necessary.
- Involve staff in the implementation of this policy, for greater commitment and improved performance.
- Provide staff with relevant environmental training.
- Work with suppliers, contractors, and subcontractors to improve their environmental performance.
- Use local labour and materials where available to reduce CO2 and help the community.
